Oregon COVID-19 update May 14, 2020

4 pages

Data current as of 5/14/2020, 8:00 a.m. Updated daily.	
Total cases	3,479 ¹
Total deaths	137
Positive tests	3,407
Negative tests	83,272
Total tested	86,679

¹Includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are those without a positive diagnostic test who present COVID-19-like symptoms and had close contact with a confirmed case.

Age group	Cases	Percent	Ever hospitalized ⁴	Deaths ²
0 to 9	32	1%	5	0
10 to 19	113	3%	1	0
20 to 29	498	14%	25	0
30 to 39	596	17%	43	0
40 to 49	597	17%	83	3
50 to 59	602	17%	113	5
60 to 69	487	14%	163	26
70 to 79	321	9%	142	39
80 and over	222	6%	106	64
Not available	11	0%	4	0
Total	3479	100%	685	137

Hospitalized ⁴	Cases	Percent
Yes	685	20%
No	2552	73%
Not provided	242	7%
Total	3479	100%

Hospital capacity and usage ⁵	Available	Total
Adult ICU beds	191	791
Adult non-ICU beds	1706	6715
Pediatric NICU/PICU beds	74	302
Pediatric non-ICU beds	143	347
Ventilators	784	

COVID-19 details⁵	Patients with suspected or confirmed COVID-19	Only patients with confirmed COVID-19
Current hospitalized patients	163	59
Current patients in ICU beds	38	22
Current patients on ventilators	17	12

Testing by Oregon State Public Health Laboratory	
Specimens received at OSPHL on 5/13/2020	71
Test results released by OSPHL on 5/13/2020	73
Specimens pending at OSPHL as of 8:00 p.m. 5/13/2020	36
Total persons tested for COVID-19 at OSPHL since 2/28/2020	4,713
<i>Total persons tested at other laboratories</i>	<i>81,966</i>
<i>Total persons tested</i>	<i>83,909</i>

County	Cases ¹	Deaths ²	Negatives ³
Baker	1	0	118

Total	3479	137	83263

¹This includes cases confirmed by diagnostic testing and presumptive cases. Presumptive cases are those without a positive diagnostic test who present COVID-19-like symptoms and had close contact with a confirmed case. County of residence for cases may change as new information becomes available. If changes occur, we will update our counts accordingly.

²For additional details on individuals who have died from COVID-19 in Oregon, please [refer to our press releases](#).

³This includes cases who test negative and are not epi-linked to a confirmed case.

⁴Ever hospitalized, if available, as reported to Orpheus. Orpheus is the state of Oregon's electronic disease surveillance system for reportable diseases. Cases are considered hospitalized if they were ever admitted to the hospital for inpatient care during their COVID-19 illness. Cases who were examined in but not admitted to a hospital may be incorrectly classified as hospitalized until interview and medical record review are complete, leading to fluctuations in the number of hospitalized COVID-19 cases.

⁵As reported to Oregon's Hospital Capacity Web System (HOSCAP). Every hospital in Oregon is asked to submit data twice daily HOSCAP. Hospital staff are asked to enter bed capacity information, by type, as well as the numbers of patients with suspected or confirmed COVID-19 illness who are currently hospitalized at the time of data entry. These data may conflict with hospitalization status in Orpheus due to case reporting and investigation lags and temporary discrepancies in case classification.

Notes:

1. Because community transmission is occurring in Oregon and recommendations on [social or physical distancing](#) are in place, as of March 17, 2020, we no longer report daily counts of persons under monitoring.
2. Confirmation by CDC of laboratory results from the Oregon State Public Health Laboratory is no longer required; therefore as of March 15, 2020, we no longer note the number of CDC-confirmed cases.
3. Reporting of travel history is not available for cases reported to OHA by commercial laboratories; therefore as of March 15, 2020, we no longer include information about travel history.
4. As of March 25, 2020, we are including the number of pending test results available from the Oregon State Public Health Laboratory (OSPHL). The OSPHL serves as the first source of testing during an outbreak and as commercial labs come online, OSPHL increases focus on priority testing. Commercial labs have the ability to conduct testing on an industrial scale, but do not report pending results, therefore we only include pending results from OSPHL.
5. As of March 26, 2020, OHA is releasing a COVID-19 Daily Update (formerly called the Situational Status Report) which is produced jointly with [Oregon Office of Emergency Management](#). It details the overall picture of the COVID-19 response across government agencies. Previous updates are posted on [OHA's COVID-19 News page](#).
