Background: In 2023 the County is continuing its efforts in completing pedestrian mobility/safety and ADA (Americans with Disabilities Act) compliance projects within the urban area. As part of the upcoming 2023 Shasta Way Sidewalks Project taking place between Madison Street and Patterson Street on Shasta Way, a portion of the new sidewalks will require a retaining wall to be constructed which would block access to the parking

facilities at 1635 Ogden Street. 1635 Ogden Street is a residential lot owned by Paul Barron with a four-plex used for rental units that currently has covered parking with access from Shasta Way.

Due to the constraints at this location sidewalks have never been completed on this portion of Shasta Way. This action will relinquish access rights and compensate the owner for construction of equivalent new parking facilities (to be completed by the owner) that will be accessed from Ogden Street and enable the County to complete this link in pedestrian mobility along a major collector in the urban area. The Access Relinquish Agreement was negotiated by the County, with a willing party.
